PROFESSIONAL SUMMARY

Structural BIM Lead with 3 years of experience delivering LOD 300–350 models for high-rise, mid-rise and social-housing projects up to 175,000 m², 3 basements and 25 storeys. Lead a three-person Revit team and own templates, naming rules and issue approval under the BEP; coordinate with Architecture and MEP and review clashes in Navisworks. Experienced with Autodesk Construction Cloud, IFC submissions, and automation using Dynamo and the Revit API (C#). Structural-design foundation in ETABS and SAFE.

CORE COMPETENCIES

Structural BIM Delivery	Revit Team Leadership	BIM Coordination	BEP Compliance
Model & Document QA/QC	Revit Standards	Multidisciplinary Coordination	Navisworks Review

PROFESSIONAL EXPERIENCE

Phap Duyen Construction Design Co., Ltd.

Sep 2025 - Present

Structural BIM Lead | BIM Engineer

- Lead a three-person Revit team delivering LOD 300–350 residential projects; own templates, naming rules and issue approval.
- Organise large projects into 2–3 linked models and one aggregated model to keep Revit performant; issue documentation in phased construction packages.
- Coordinate model updates with Architecture and MEP, review clashes in Navisworks, and export IFC for submission and cross-discipline coordination.
- Developed TNH Tool (40+ Revit commands, Excel/CAD integration), applied on 6 projects.

Thuc Trang Anh Project Consulting Co., Ltd. (TTAD)

Mar 2025 - Sep 2025

Structural Engineer

- Designed and reviewed structural systems from Basic to Technical Design using ETABS and SAFE.
- Coordinated models and documentation across Revit, ETABS, SAFE and AutoCAD; standardised inputs and outputs for structural BIM delivery.

Viet Long Saigon Construction Design Consulting Co., Ltd.

Sep 2023 - Mar 2025

Structural & BIM Engineer

- Performed structural analysis, built LOD 350 Revit models and produced technical documentation directly from BIM models.
- Coordinated with the Client, Architecture and MEP to update calculations, models and drawings through construction completion.

SELECTED PROJECTS

Lot 6-8 High-Rise Residential Development (2025 – Present)

Structural BIM Lead · 153,811.8 m² · 3 basements + 25 storeys · Construction Documentation · LOD 350

- Led a three-person Revit team, organised linked and aggregated models, extracted drawings, schedules and pile coordinates, and coordinated clash reviews in Navisworks.

Lot 6-7 High-Rise Residential Development (2026 – Present)

Structural BIM Lead / BIM Coordinator · 175,000 m² · 3 basements + 25 storeys · Basic Design · LOD 300

- Represented the structural consultant in BIM meetings with the Client, contributed to the BEP and resolved multidisciplinary coordination issues; exported IFC for submission.

Lot C2 (60,000 m²) and Lot C3 (80,000 m²) (2025 / 2026 – Present)

Structural BIM Lead · 3 basements + 9 storeys · Construction Documentation / Basic Design · LOD 350 / 300

My Xuan B1 – Conac Garden Social Housing (2026)

Structural Revit Team Lead · 32,694.7 m² · 1 basement + 19 storeys · Basic to Technical Design · LOD 300–350

- Managed the Revit team and developed project templates and families for consistent delivery from Basic to Technical Design.

EDUCATION, TOOLS & LANGUAGES

- Education: University of Architecture Ho Chi Minh City — B.Eng. in Civil Engineering
- Software: Revit · Navisworks · AutoCAD · ETABS · SAFE · Dynamo · Autodesk Construction Cloud · Revit API (C#) · Microsoft Office
- Languages: English – TOEIC 455
